

SOUTH BAY IT SOLUTIONS, LLC

DVBE Certified #2049778 | Mission-Ready IT & Consulting

Service-Disabled Veteran-Owned Small Business (SDVOSB) | CA Certified SB/DVBE

COMPANY OVERVIEW

South Bay IT Solutions is a Chula Vista-based technology firm dedicated to modernizing government operations. We specialize in **Digital Integration**—bridging the gap between legacy infrastructure and modern workflow efficiency.

As a solo-operated DVBE, we provide high-touch technical labor, act as “Digital Janitors” for large-scale record organization, and serve as a verified procurement partner for hardware fleet refreshes.

COMPANY DATA

CA DVBE ID: 2049778

UEI: KVQQGFE9NZS9

CAGE Code: [Pending]

EIN: 33-2790821

Location: San Diego County

CORE COMPETENCIES

- **IT Procurement & Hardware Fulfillment:** Authorized reseller of workstations, laptops, and peripherals. We provide “Ready-to-Work” imaging, asset tagging, and secure deployment of office fleets.
- **Document Digitization & Records Management:** Converting physical records into secure, searchable digital formats; large-scale file organization; and PDF remediation.
- **Network Infrastructure:** Design, implementation, and maintenance of secure managed WiFi, routers, and switches.
- **Custom Web Development:** Building accessible, secure websites and automated administrative dashboards to visualize agency metrics.
- **Technical Support & Maintenance:** Routine security patching, hardware maintenance, and help desk support for local business and agency infrastructure.

DIFFERENTIATORS

- **Veteran-Owned Agility:** We operate with military precision, ensuring project milestones are met with a “Mission First” mindset.
- **Local Presence:** Based in Chula Vista; we provide rapid, on-site support for South Bay agencies that national contractors cannot match.
- **The “Translator” Skill:** We excel at explaining complex technical requirements to non-technical administrators in plain English.
